EL-02
Alarm Permits
Required

The City of Spokane will renew efforts to obtain electrical permits for all alarms whether part of a required alarm system or not.

The electrical contractor performing the work will be responsible for obtaining an electrical permit from the Building Services Department (City Hall, Third Floor). Any work started without an electrical permit will be subject to a fine of \$100 or double the permit fee (whichever is greater).

The City began enforcing the fine or double fee on April 1, 1999.
